### U.S. TRADE (U.S funds)

US cash cattle trade remained at a standstill at time of reporting. Limited trade in Nebraska late Thursday was steady to last week. Many storm stressed cattle were removed from showlists this week which will result in lighter volume. However producers are holding to asking prices of \$91.00 live and \$143.00-\$145.00 dressed and packers are digging in their heels which will leave many short bought next week.
